Engineering Support for Design and Material Selection

DISTRIBUTION LINES

Authorized Distributor for:

The Leading Edge In EMI Shielding Technology

DISTRIBUTION PRODUCTS

Materials	Cores	Accessories	Beads	Cable Components
Amorphous	C-Cores (Amorphous Alloy)	Adjusters/Nuts	Beads on Leads	Shielding Products
Ferrite	E, EC, EFD, ETD, EQ, ER, EP	Bobbins	Chip Beads	Connector Plates
Iron Powder	Planar	C-Core Brackets	Chip Beads Multi-Layer	Cable Snap-Its
MPP	Pot, PQ, RM	Clamps/Clips	Shield Beads	Cable Suppression
Sendust (Kool Mu)	U and I	Containers	Surface Mount	Split Round Cable
HiFlux	Rods/Slugs	Springs	Wideband	
Nanocrystalline	Toroids	Tag Plates	Chokes	
Tape Wound		Washers	Wound Beads	

MANUFACTURING SERVICES

Excellent quality and service for prototyping and large production runs, as well as pressed and fired solutions for your large volume custom core requirements.

ELNA maintains a fully staffed and equipped in-house manufacturing facility which provides a complete range of manufacturing capabilities for soft ferrites and other materials.

CORE GAPPING CAPABILITIES

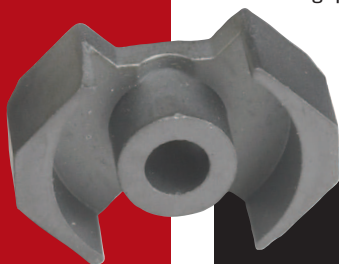

- AL gaps held to +/- 1%
- Standard mechanical gap tolerance of +/- 0.001". Capability to provide tolerance of +/- 0.0005"
- Toroid gaps as small as 0.003"

CUSTOM MACHINING CAPABILITIES

- Four-axis CNCs for special contours, profiles and shapes
- Abundant ID/OD/Centerless and surface grinding capacity
- Lapping & Polishing as fine as a six micro-inch surface finish
- Epoxy and Parylene coatings
- High quality assembly and bonding techniques

QUALITY

- Experienced and well-trained staff
- Starrett Galileo Automated Vision Inspection system
- Unitron Machinist Microscopes
- AS9100 & ISO 9001:2008 certified
